SARAH LISHIN

CYBER SECURITY PROFESSIONAL
PHONE: **469-363-7639**

EMAIL: **SARAH@LISHIN.ORG**
LINKEDIN: **HTTPS://LINKEDIN.COM/IN/SARAH-LISHIN**

TECHNICAL SKILLS

➔ Kali Linux
➔ Network Mapping
➔ Vulnerability Scanning
➔ Penetration Testing
➔ Incident Response
➔ Metasploit
➔ BurpSuite
➔ Python
➔ Bash
➔ Wireshark
➔ Splunk

➔ Snort
➔ Firewalls
➔ OSINT Analysis
➔ Security Operations
➔ NIST Framework
➔ MITRE Framework
➔ Security Infrastructure
➔ SIEM/SEIM and IDS/IPS
➔ Mac OS / Windows OS
➔ Office 365 for Business
➔ Google Apps for Business

CERTIFICATIONS

➔ CompTIA CySa+ *Issued July 2020*
➔ CompTIA Security+ *Issued August 2020*

➔ Splunk Core User *Issued September 2020*
➔ OSCP *expected 2020*

PROJECTS

➔ 'Rakhat' - A network of deliberately vulnerable virtual machines designed to simulate a penetration testing environment using a multitude of common web applications and exploits.
➔ Simple-Box-Scanner - A Bash script tool to automate and output a variety of network scans such as NMAP, Nikto, Dirb, Enum4Linux and WPScan with a single command.
➔ SnapScreen - A Linux GUI tool to take and name screenshots easily and more organized.

EDUCATION

FULLSTACK ACADEMY   **CYBER SECURITY IMMERSIVE**   **JUL 2020**

➔ Computing and Networking, Virtualization, Linux, Python, and Bash Scripting
➔ Data encoding, Information Gathering, Malware Analysis, and Digital Forensics
➔ Command line Attack Frameworks, Web Frameworks, Firewall Bypass, and Buffer Overflow
➔ Scanning and Enumeration, Network Capture, Patching, Application Restrictions
➔ Events & Incident Reporting, Whitelisting and Log Auditing, Kill Chain Mapping
➔ Network Configurations, Threat Identification and Mitigation, Access Controls and Policies
➔ Compliance Policies, Incidence Response, Vulnerabilities Management, and Threat management

NEW YORK UNIVERSITY   **FINANCIAL AND MANAGERIAL ACCOUNTING**   **DEC 2019**

➔ Detailed accounting cycle management and accounting principles
➔ Preparation of financial statements and cash flows with emphasis on account analysis
➔ Accounting for cash, AR, inventory, fixed assets, and stockholders' equity.

WORK EXPERIENCE

TAD ASSOCIATES   **SENIOR OPERATIONS COORDINATOR**   **SEP 2016 - MAR 2020**

➔ Managed internal IT projects, and collaborated with external vendor on IT best practices
➔ Developed and maintained proposal pricing matrices using VBA and advanced excel techniques
➔ Maintained employee record databases across different data structures and systems
➔ Managed AP database across 15+ payment systems in adherence with compliance regulations
➔ Organized employee retention and training programs, including certification management

APURE NY   **BUSINESS MANAGER**   **AUG 2015 - MAY 2016**

➔ Created Salesforce database for coordination of Inside Sales and company President
➔ Organization and preparation of digital product information sheets and installation files
➔ Development of quotes and submission packages for outside projects for positive sales impact
➔ Analyzed financial data, AP / AR, and account reconciliations and processed taxes for 2 locations
